# ARJAVA

Arjava Fragrance Diffuser
USER MANUAL

Unboxing.

CHECK COMPONENTS:

• Carefully remove the diffuser from its packaging and ensure that the following parts are included:

- • Diffuser unit
- • Power adapter

SETUP

PLACING THE DIFFUSER:

Place the diffuser on a flat, stable surface.

Do not tilt or turn the diffuser upside down.

Carry the diffuser from its bottom. Do not lift it by the top part.

Place the device in the area you want to scent, considering the airflow.
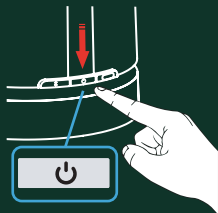

INSTALLING THE FRAGRANCE CARTRIDGE:

Lift the body of the diffuser.

Remove the two stoppers on the fragrance cartridge. Insert the cartridge into its slot and press down firmly until it fits securely.

TURNING ON THE DEVICE:

Plug in the diffuser.
Your diffuser can operate while plugged in, or you can use it unplugged after charging for a certain period. When the battery runs out, you need to plug it back in. Turn on your diffuser by pressing the power button.
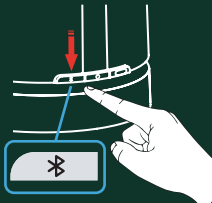

Using the Diffuser
BASIC FUNCTIONS

CONNECTING TO THE MOBILE APP

PAIRING:

-Follow the steps described in the mobile app to complete the setup.

Via the Arjava mobile app:
-Set the intensity and duration of scenting.
-Customize the color of the Ambient Light.
-Monitor battery status.

SHARING CONTROL OF THE ARJAVA DIFFUSER:

Control of the diffuser can easily be shared with other users via invitation code through the app.

REPLACING THE FRAGRANCE CARTRIDGE:

-You can easily remove the cartridge to check the fragrance level.
-You can also monitor the cartridge level via the Arjava mobile app.
-When the scent runs out, insert a new cartridge.
-To order a new one, visit arjava.com.tr.

CARTRIDGE RECOGNITION TECHNOLOGY:

· Arjava Diffuser includes smart cartridge recognition technology that prevents the use of unauthorized cartridges that may negatively affect scent and diffuser performance.
· Do not remove the recognition label under the scent cartridge!

LED INDICATORS:

Red warning LED blinking:
· 1 blink = Diffuser is operating
· 2 blinks = Outside of the set working hours/days – not scenting
· 3 blinks = Battery is empty – needs to be charged

Green warning LED:
· Blinking = Charging started when the adapter is plugged in
· Solid = Charging completed. The light turns off when the adapter is unplugged.

FACTORY DEFAULT SETTINGS:

Ambient Lighting: On first use, ambient light will glow in cool white.
Scenting Time: 30 seconds of operation followed by 7.5 minutes of pause.
Timing: Set to operate between 08:00 AM and 10:00 PM.

When your diffuser is plugged in, it continuously broadcasts Bluetooth.
If it is not plugged in, you need to press the button each time to activate Bluetooth in order to connect. The Bluetooth broadcast lasts for 10 minutes, after which the connection is automatically terminated.

Product Care
STORAGE OF FRAGRANCE CARTRIDGES

MAINTENANCE AND CLEANING:

· Regularly clean the device with a soft, damp cloth.
· Do not use abrasive or chemical cleaners.

STORAGE OF FRAGRANCE CARTRIDGES:

· Store fragrance cartridges in a cool, dark place.
· To maintain fragrance freshness, make sure the caps on the bottles are tightly closed.
· Use only original Arjava scent cartridges.

SAFETY INFORMATION:

- Arjava cartridges are IFRA-compliant and do not contain harmful substances or alcohol.
- Safe for children and pets.

TROUBLESHOOTING:

- Connection Issues: Turn the diffuser off and back on using the power button, press the Bluetooth button to activate broadcasting, and try reconnecting via the mobile app.
- Fragrancing Issues: Ensure the cartridge is properly inserted and securely seated. Also, confirm that the diffuser is within the active working time and days.
