HAKKIMIZDA | ABOUT US

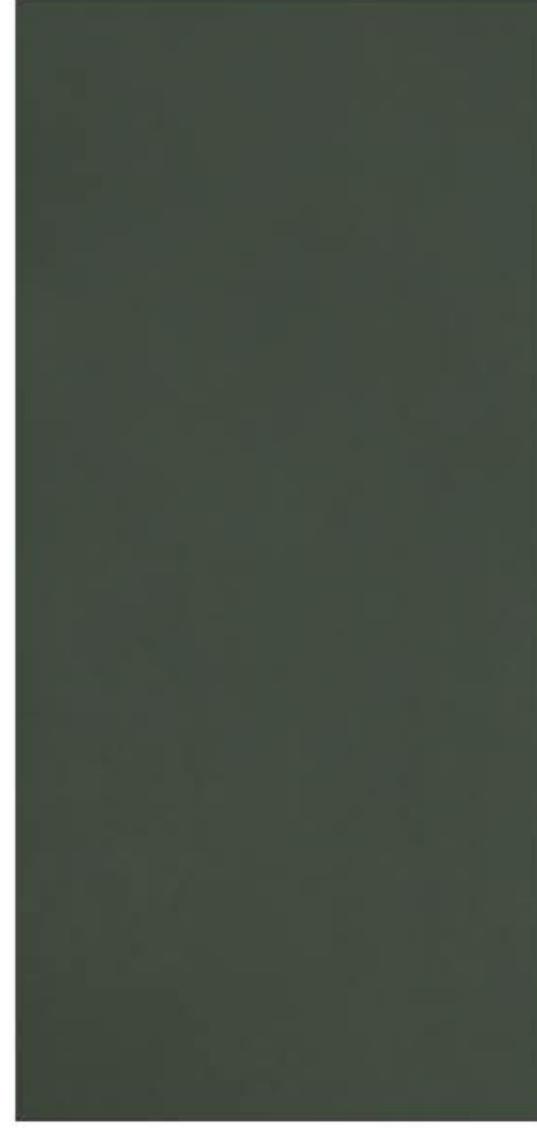

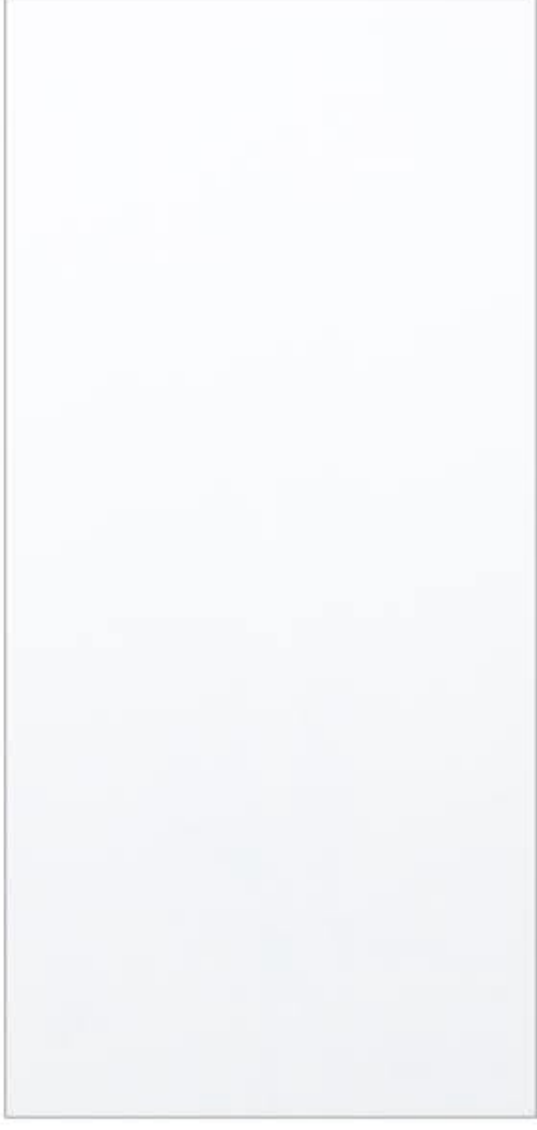

2011 yılında kurulan Dekonil, dekorasyon sektöründe estetik anlayışı, yenilikçi yaklaşımı ve üstün kalite standartlarıyla fark yaratan global bir markadır. İstanbul ve Almanya'da konumlanan genel müdürlüklerimiz ve Çin'deki ofisimiz sayesinde uluslararası operasyonlarımızı güçlü bir altyapıyla yönetiyor; yurt içi ve yurt dışındaki mağaza ağımla dünya çapında hizmet sunuyoruz. Dijital satış kanallarımız, e-ticaret altyapımız ve pazaryerlerindeki etkin varlığımız aracılığıyla geniş müşteri kitlelerine ulaşıyor; konut, ofis ve kurumsal projelerde yaşam alanlarını estetik, fonksiyonel ve zamansız tasarımlarla buluşturuyoruz.

Founded in 2011, Dekonil is a global brand that stands out in the decoration industry with its strong sense of aesthetics, innovative approach, and superior quality standards. With headquarters located in Istanbul and Germany, and an office in China, we manage our international operations through a solid and well-established infrastructure, delivering services worldwide through our domestic and international retail network. Through our digital sales channels, advanced e-commerce infrastructure, and strong presence on online marketplaces, we reach a wide customer base. We bring aesthetic, functional, and timeless designs to living spaces across residential, office, and corporate projects.

PVC Foam Board Eigenschaften von Wandpaneelen

PVC Foam Wall Panel Features

PVC Foam Board Wandpaneele sind eine ideale dekorative Lösung für moderne Räume. Ihre glänzende Oberfläche sorgt für eine elegante Optik und Tiefe. Sie sind leicht, langlebig, einfach zu montieren sowie wasser- und feuchtigkeitsbeständig.

PVC Foam Board wall panels are a decorative solution ideal for modern and stylish spaces. With their glossy surface, they add depth and elegance while being lightweight, durable, and easy to install. Resistant to water, moisture, and impacts, they offer a long-lasting, practical, and cost-effective option.

Wie werden PVC Foam Board Wandpaneele angebracht?

How to Apply Flex Stone PVC Foam Board Panel?

PVC Foam Board Paneele werden auf eine saubere und trockene Oberfläche angebracht. Auf die Rückseite wird Deconil Nagelsilikon aufgetragen und anschließend an die Wand gedrückt. So entsteht eine praktische und stabile Montage.

PVC Foam Board panels are applied to a clean, dry surface. Apply Deconil Nail Adhesive Silicone to the back and press onto the wall. Provides a quick and strong installation.
