Our company was initially established as a private company by our founder Ali İhsan ERCAN in 1991 and we have ever been delighted to serve our esteemed customers without compromising quality and customer satisfaction through a determined and consistent operational performance with an awareness of austerity and significance of our business and profession. As a result of the rapid growth of the industrial sector and the housing sector regionally, we have resolved to institutionalize in 1966 in order to provide improved quality services and pursued operations under the title of ERCAN ELEKTRİK TAAHHÜT SANAYİ VE TİCARET LİMİTED ŞİRKETİ with the extended, established and reputable position in the industry through the consciousness and awareness of becoming a leading company.
