7. Current Buffering Technology keeps batteries from violent currents.
8. Reverse-polarity / short circuit / overcharge / overheat protection.
9. Made by flame retardant material
10. Insured worldwide by China Pacific Insurance Co., Ltd.

Apply to:

3.6V/3.7V Li-ion/IMR/INR/ICR 18650 batteries.

Specifications

Model	D2
Input	100-240V~ 50/60Hz 0.4A
Constant Current	2A×1 / 1A×2
Cut-Off Voltage	4.20 ± 0.05V
Operating Temperature	0-40 C

Operation

I.The Charge Function

Connecting power supply and inserting batteries, it will automatically start charging. Inserting two batteries, it will be 1A per slot. Inserting one battery on the left slot and keeping the right slot empty, the charge current will be 2A.

II.0V Activation Function

Insert batteries, revivable batteries will start charging within 10 minutes.

Battery Icon Meaning

Flash Battery Icon: charging/activating

Full Battery Icon: fully charged

No Light: power supply unconnected / standby

Flash Full Battery: short circuit / polarity reversed

Anti-Fake

1. Scratch the anti-counterfeiting label on the package to get an 18-digit number.
2. Input the number into the query page on www.xtar.cc (Contact Us - Anti-fake).

Warranty

12 months free repair for quality-related issue with non-artificial damage after purchase.

Note:

1. Please take the product (with warranty number) and receipt to local dealer to get after-sales service.
2. You can find warranty number from the package or the product.

Global After-sales Email: service@allmaybe.com

Warnings

1. This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
2. Children shall not play with the appliance.
3. Cleaning and user maintenance shall not be made by children without supervision.
4. Do not charge unsuitable batteries with the charger, like primary cells, which may cause explosion.
5. Keep the charger away from humidity, water, and excessive dust.
6. Do not disassemble or use the charger if it is damaged.
7. For more and updated info, please visit www.allmaybe.com.
