About dinnerdesign®

dinnerdesign® is a renowned design brand specializing in crafting exquisite woven tabletops and floormats for a wide range of interiors worldwide. Each woven product is meticulously designed in Turkey and produced at our facility in USA, with a strong emphasis on sustainability, functionality, and diverse aesthetics.

Asuman SAVURAL
Founder / Creative Director

At dinnerdesign, we embrace the art of design. Our floormat collections provide a diverse palette of colors, shapes, and patterns for your creative expression. Tailor your space to your unique vision with our flexible design options.

Design Excellence

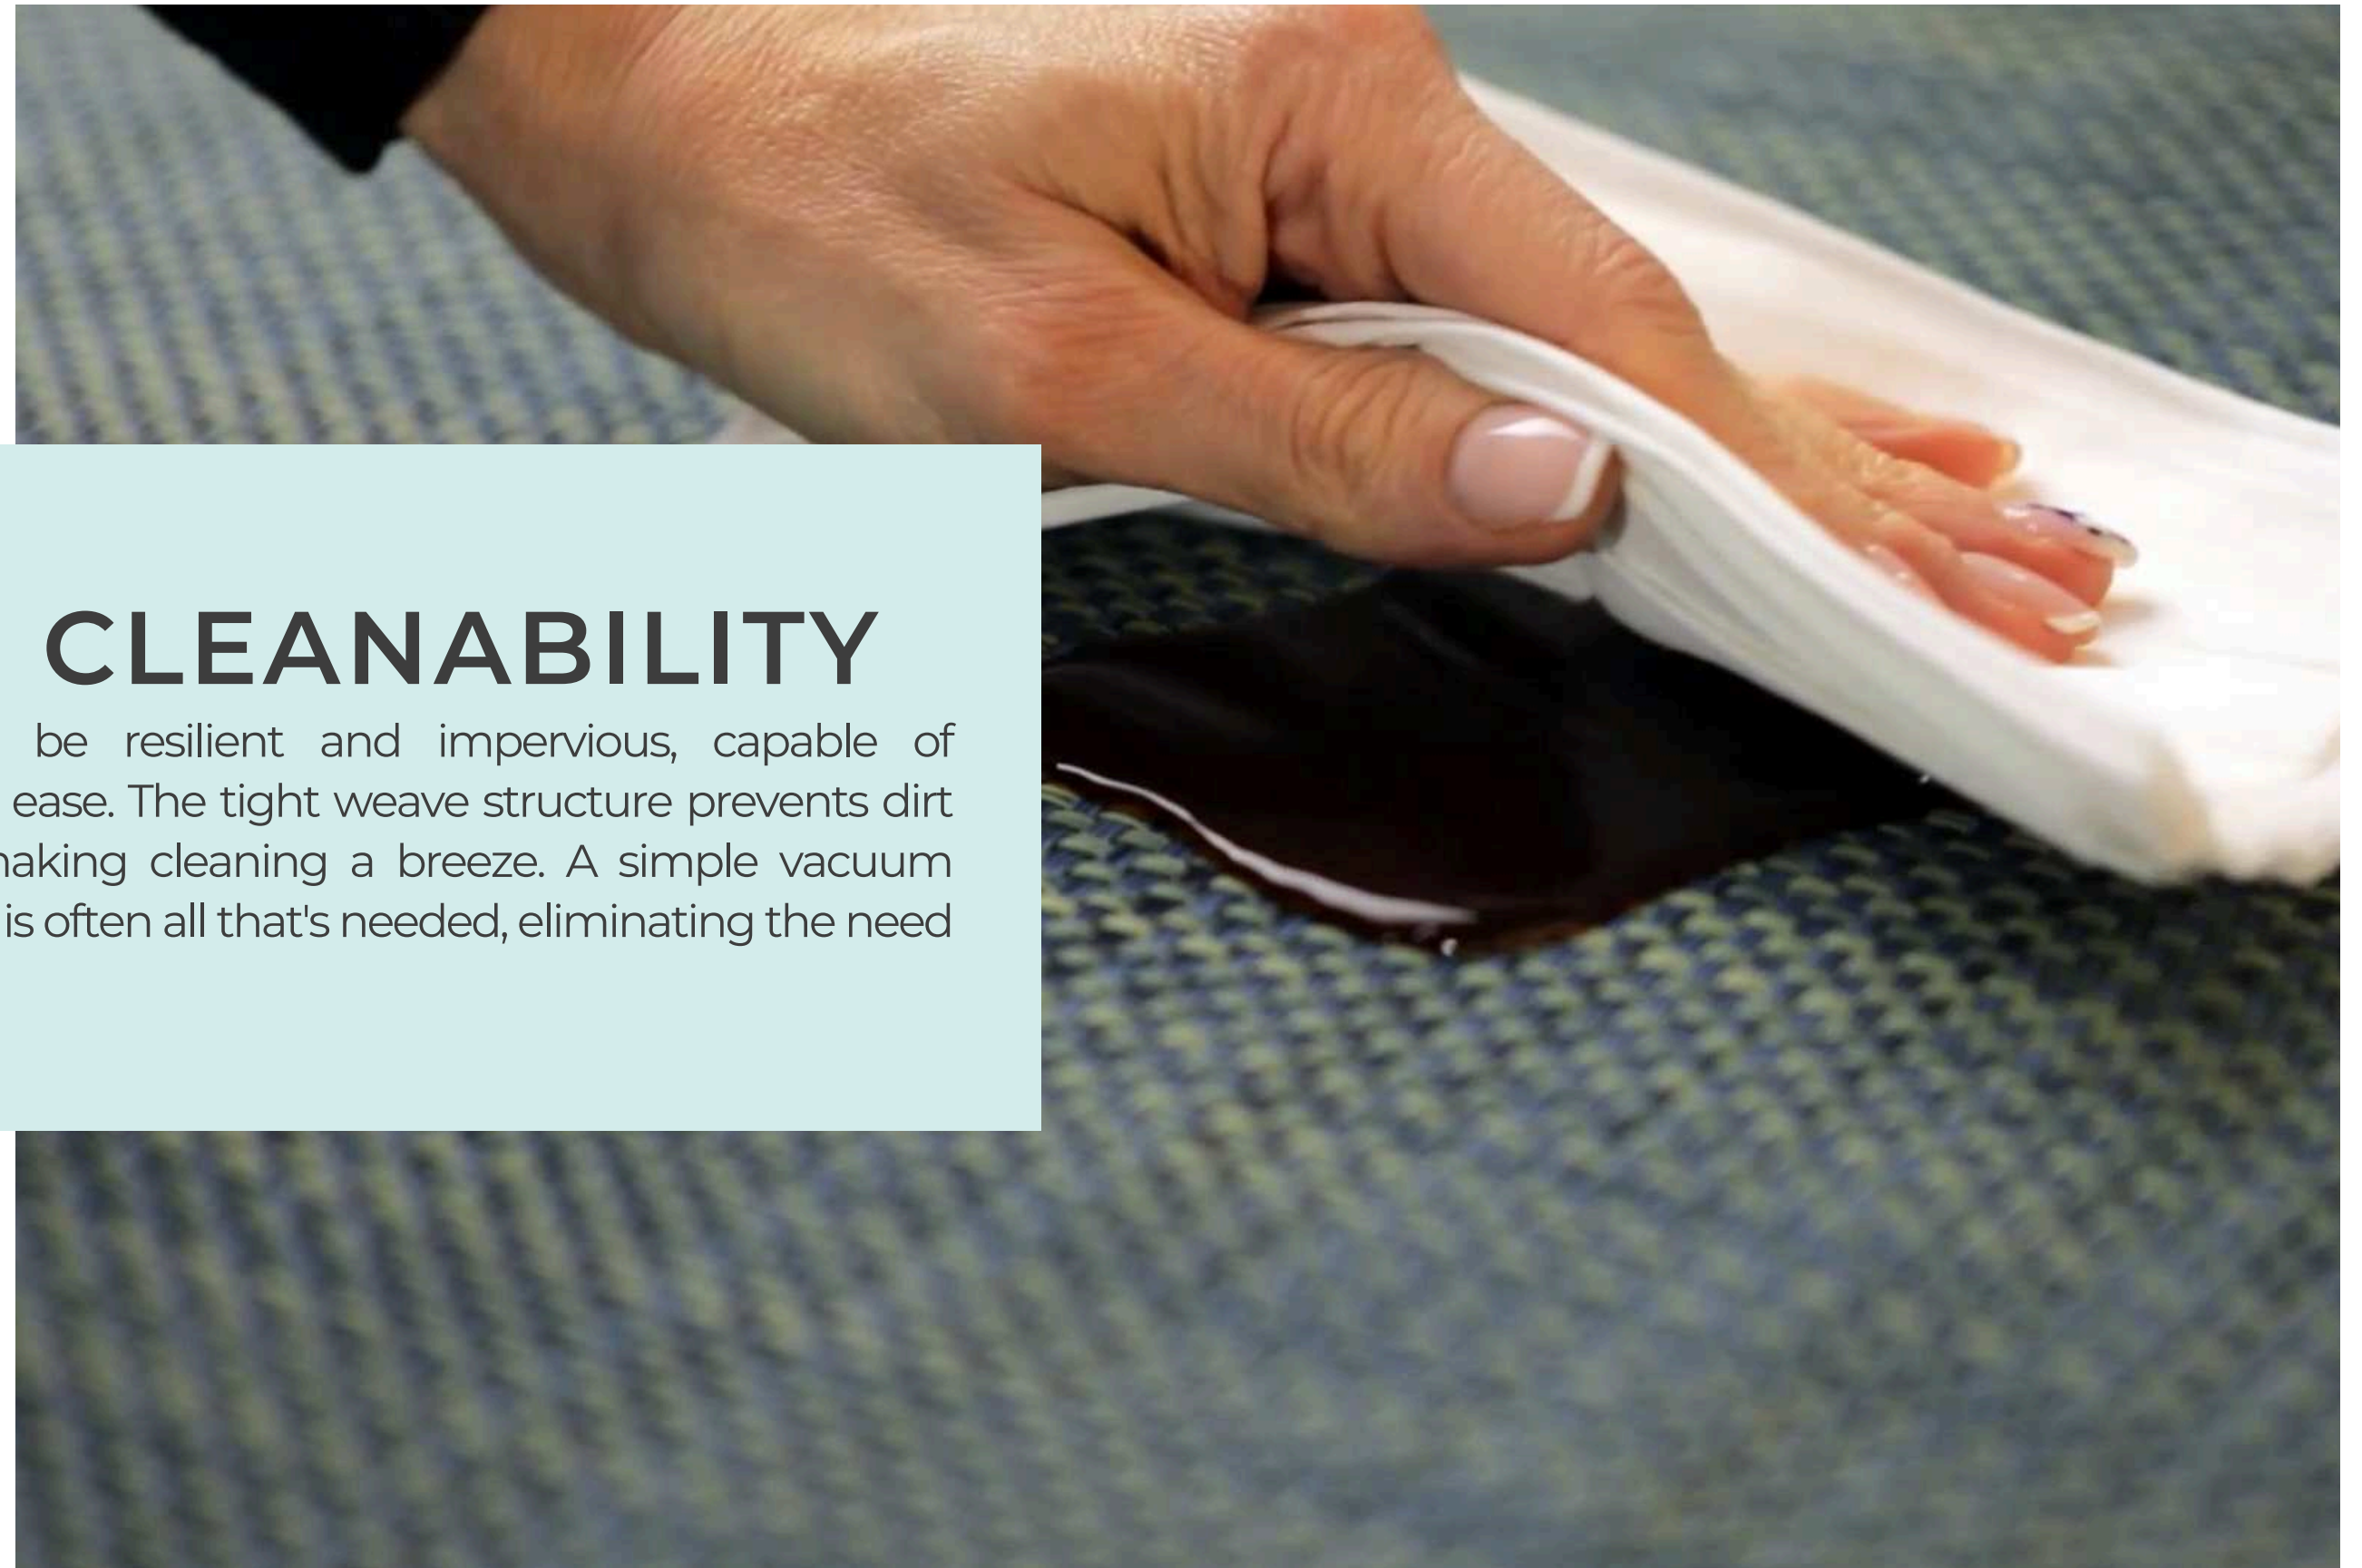

Unique & Durability

dinnerdesign® floormats are built to withstand the test of time. They won't wear, flatten, or lose their luster, making them ideal for high-traffic environments.

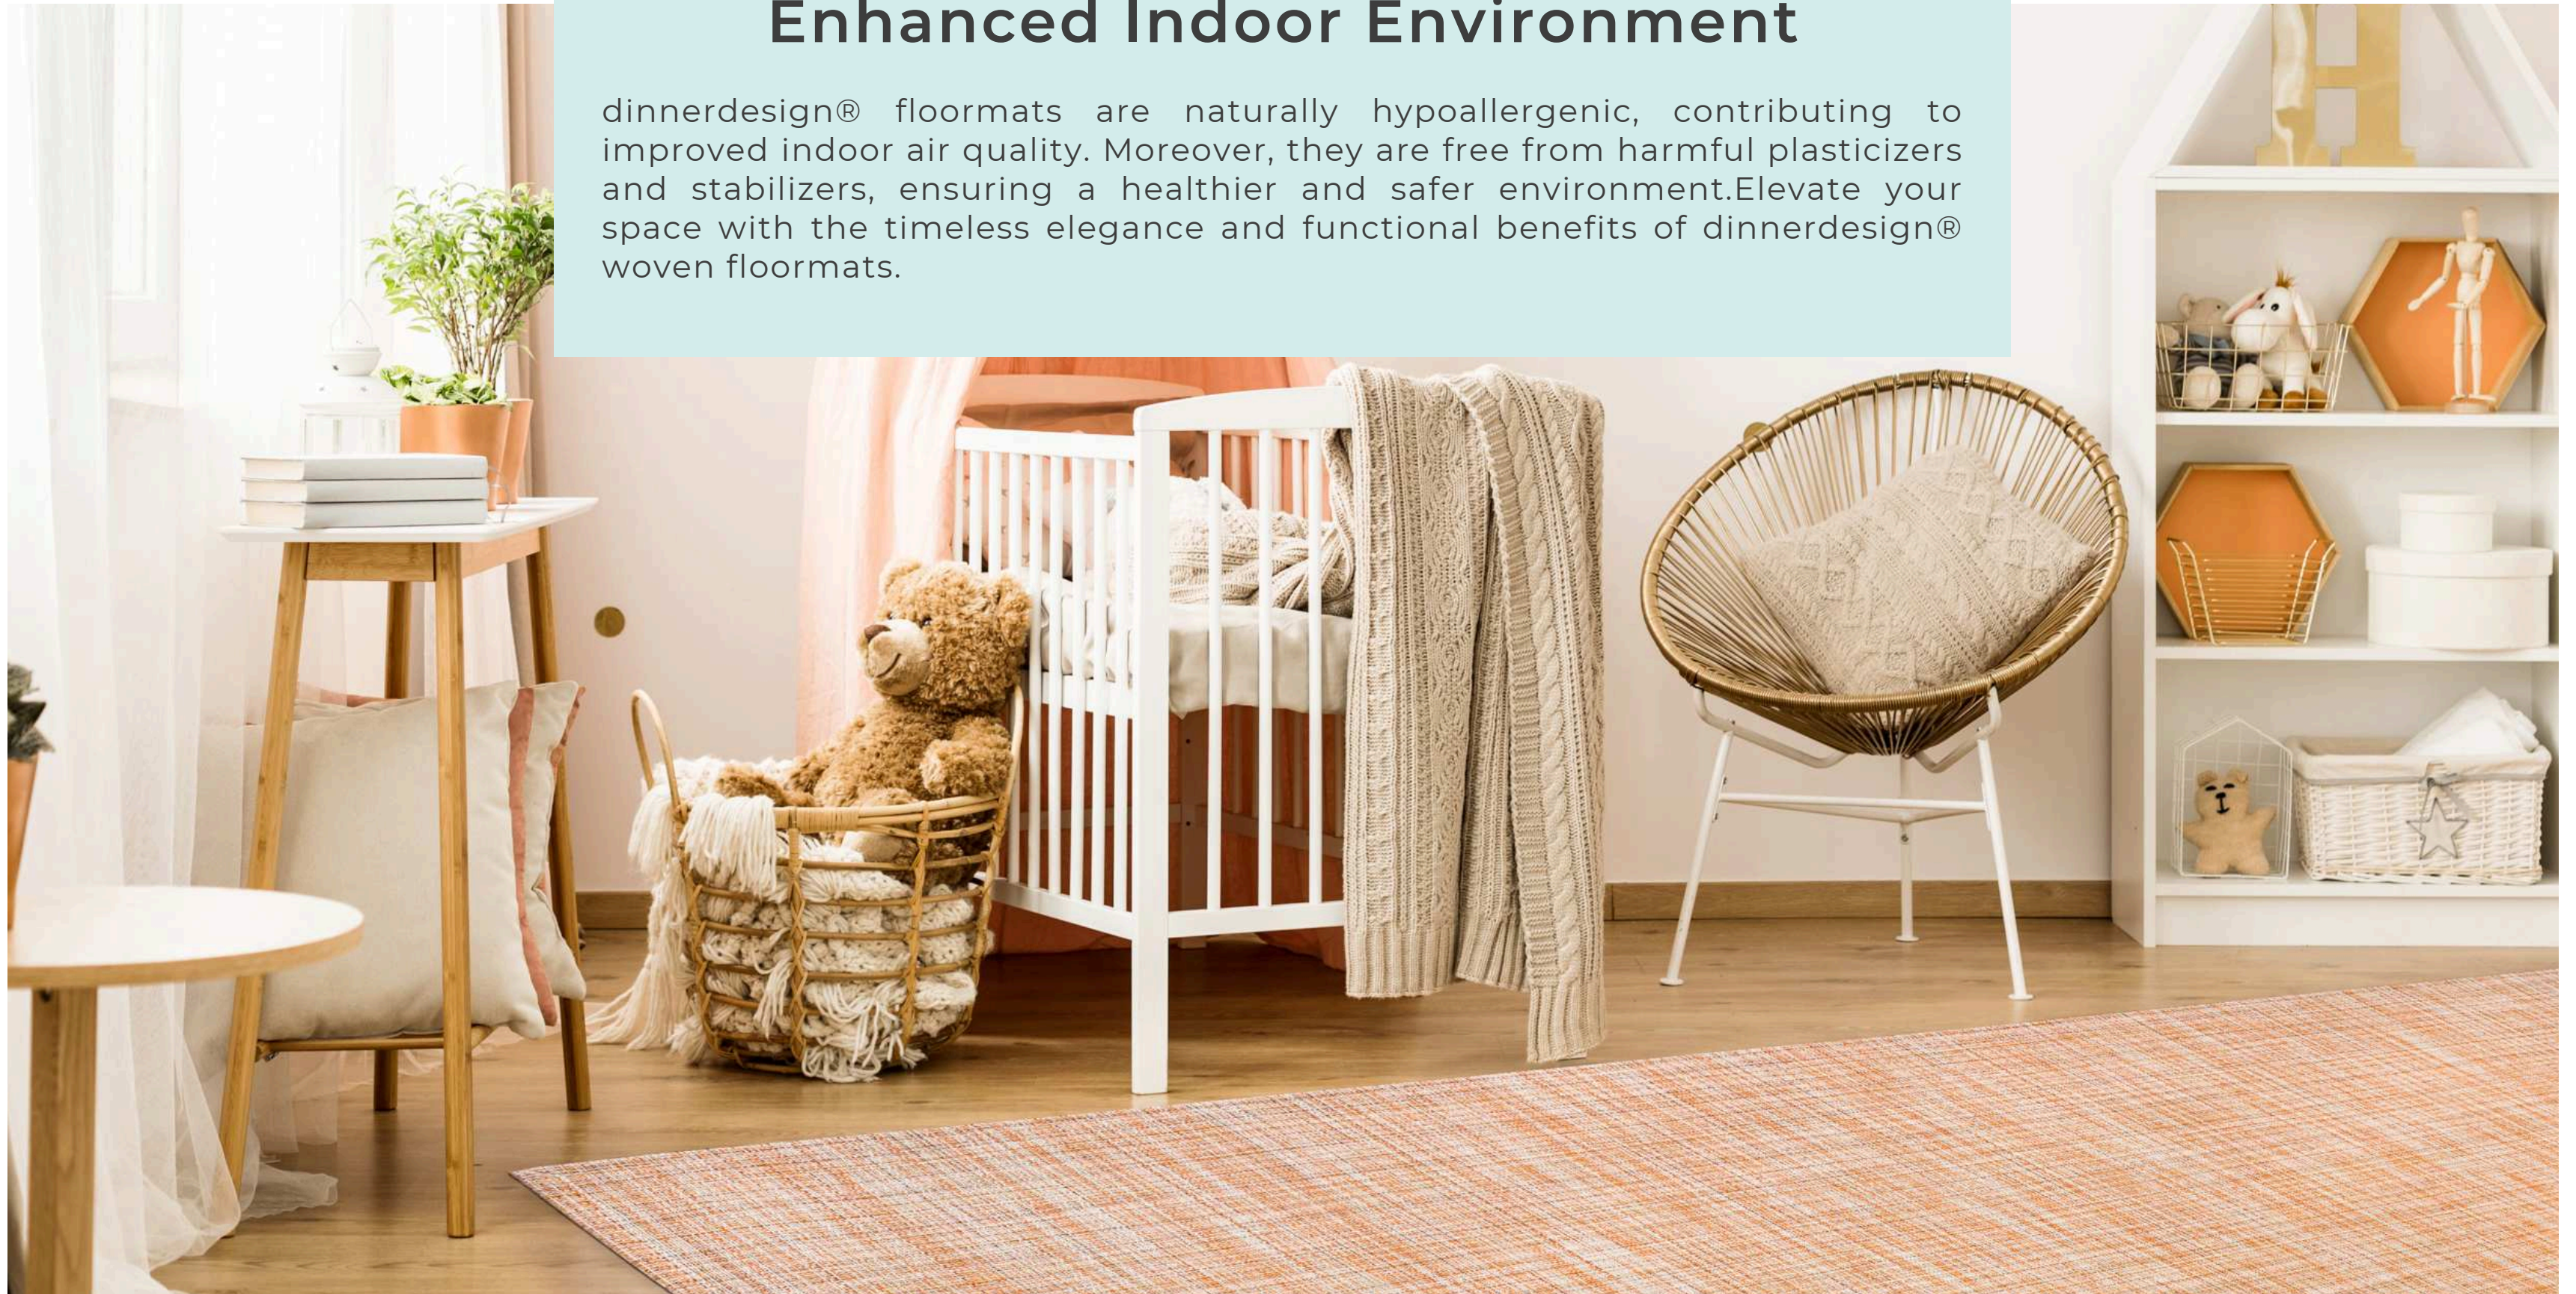

EFFORTLESS CLEANABILITY

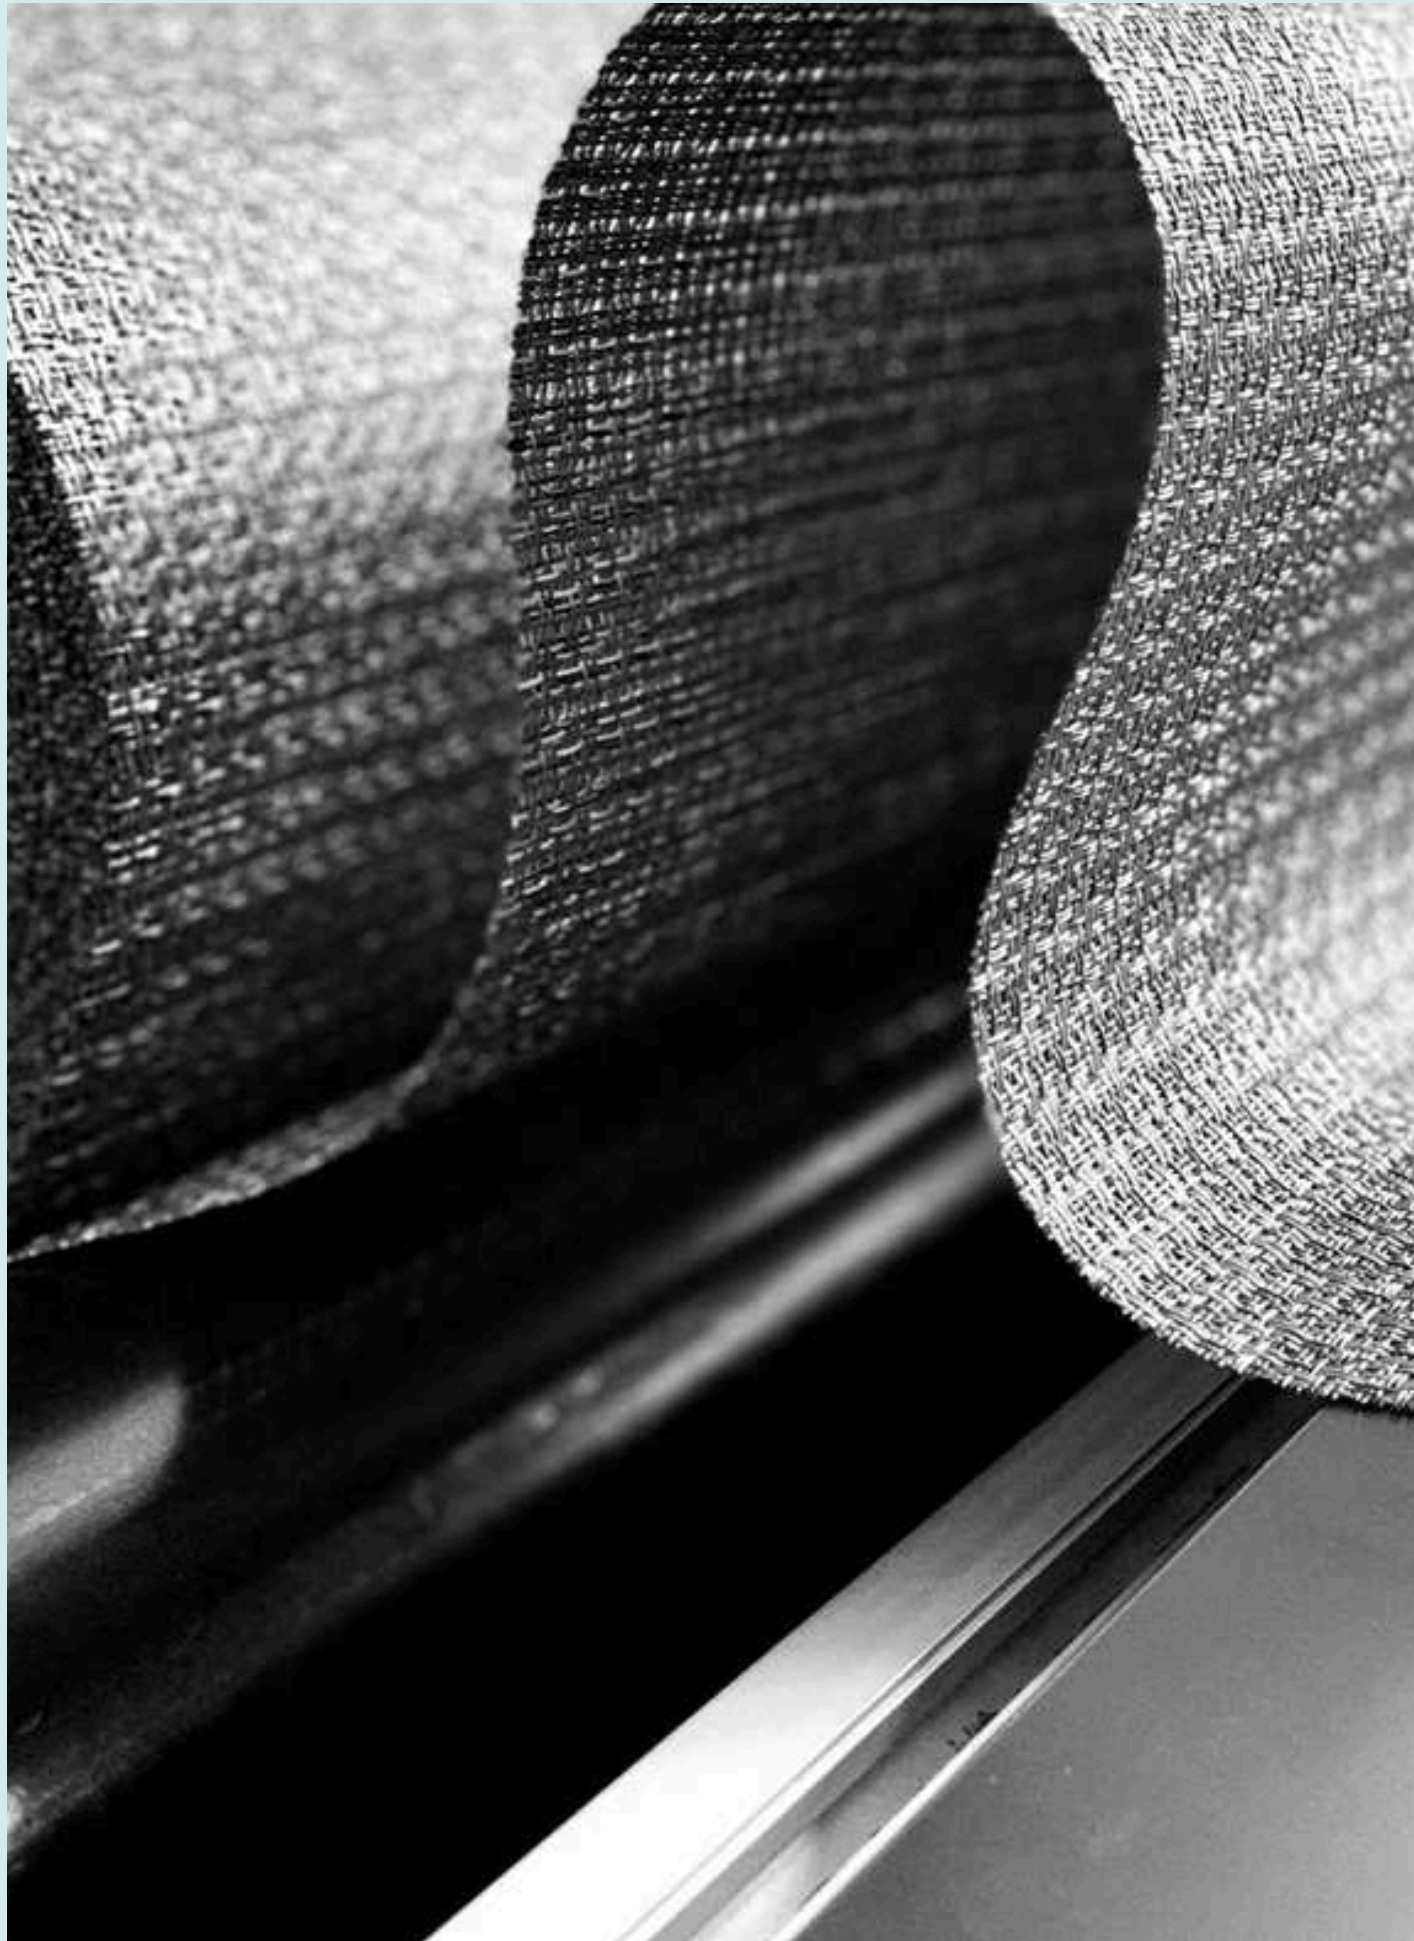

Our floormats are designed to be resilient and impervious, capable of withstanding spills and stains with ease. The tight weave structure prevents dirt and debris from hiding within, making cleaning a breeze. A simple vacuum cleaner, brush, mop, or clean water is often all that's needed, eliminating the need for harsh chemical agents.

Enhanced Indoor Environment

dinnerdesign® floormats are naturally hypoallergenic, contributing to improved indoor air quality. Moreover, they are free from harmful plasticizers and stabilizers, ensuring a healthier and safer environment. Elevate your space with the timeless elegance and functional benefits of dinnerdesign® woven floormats.

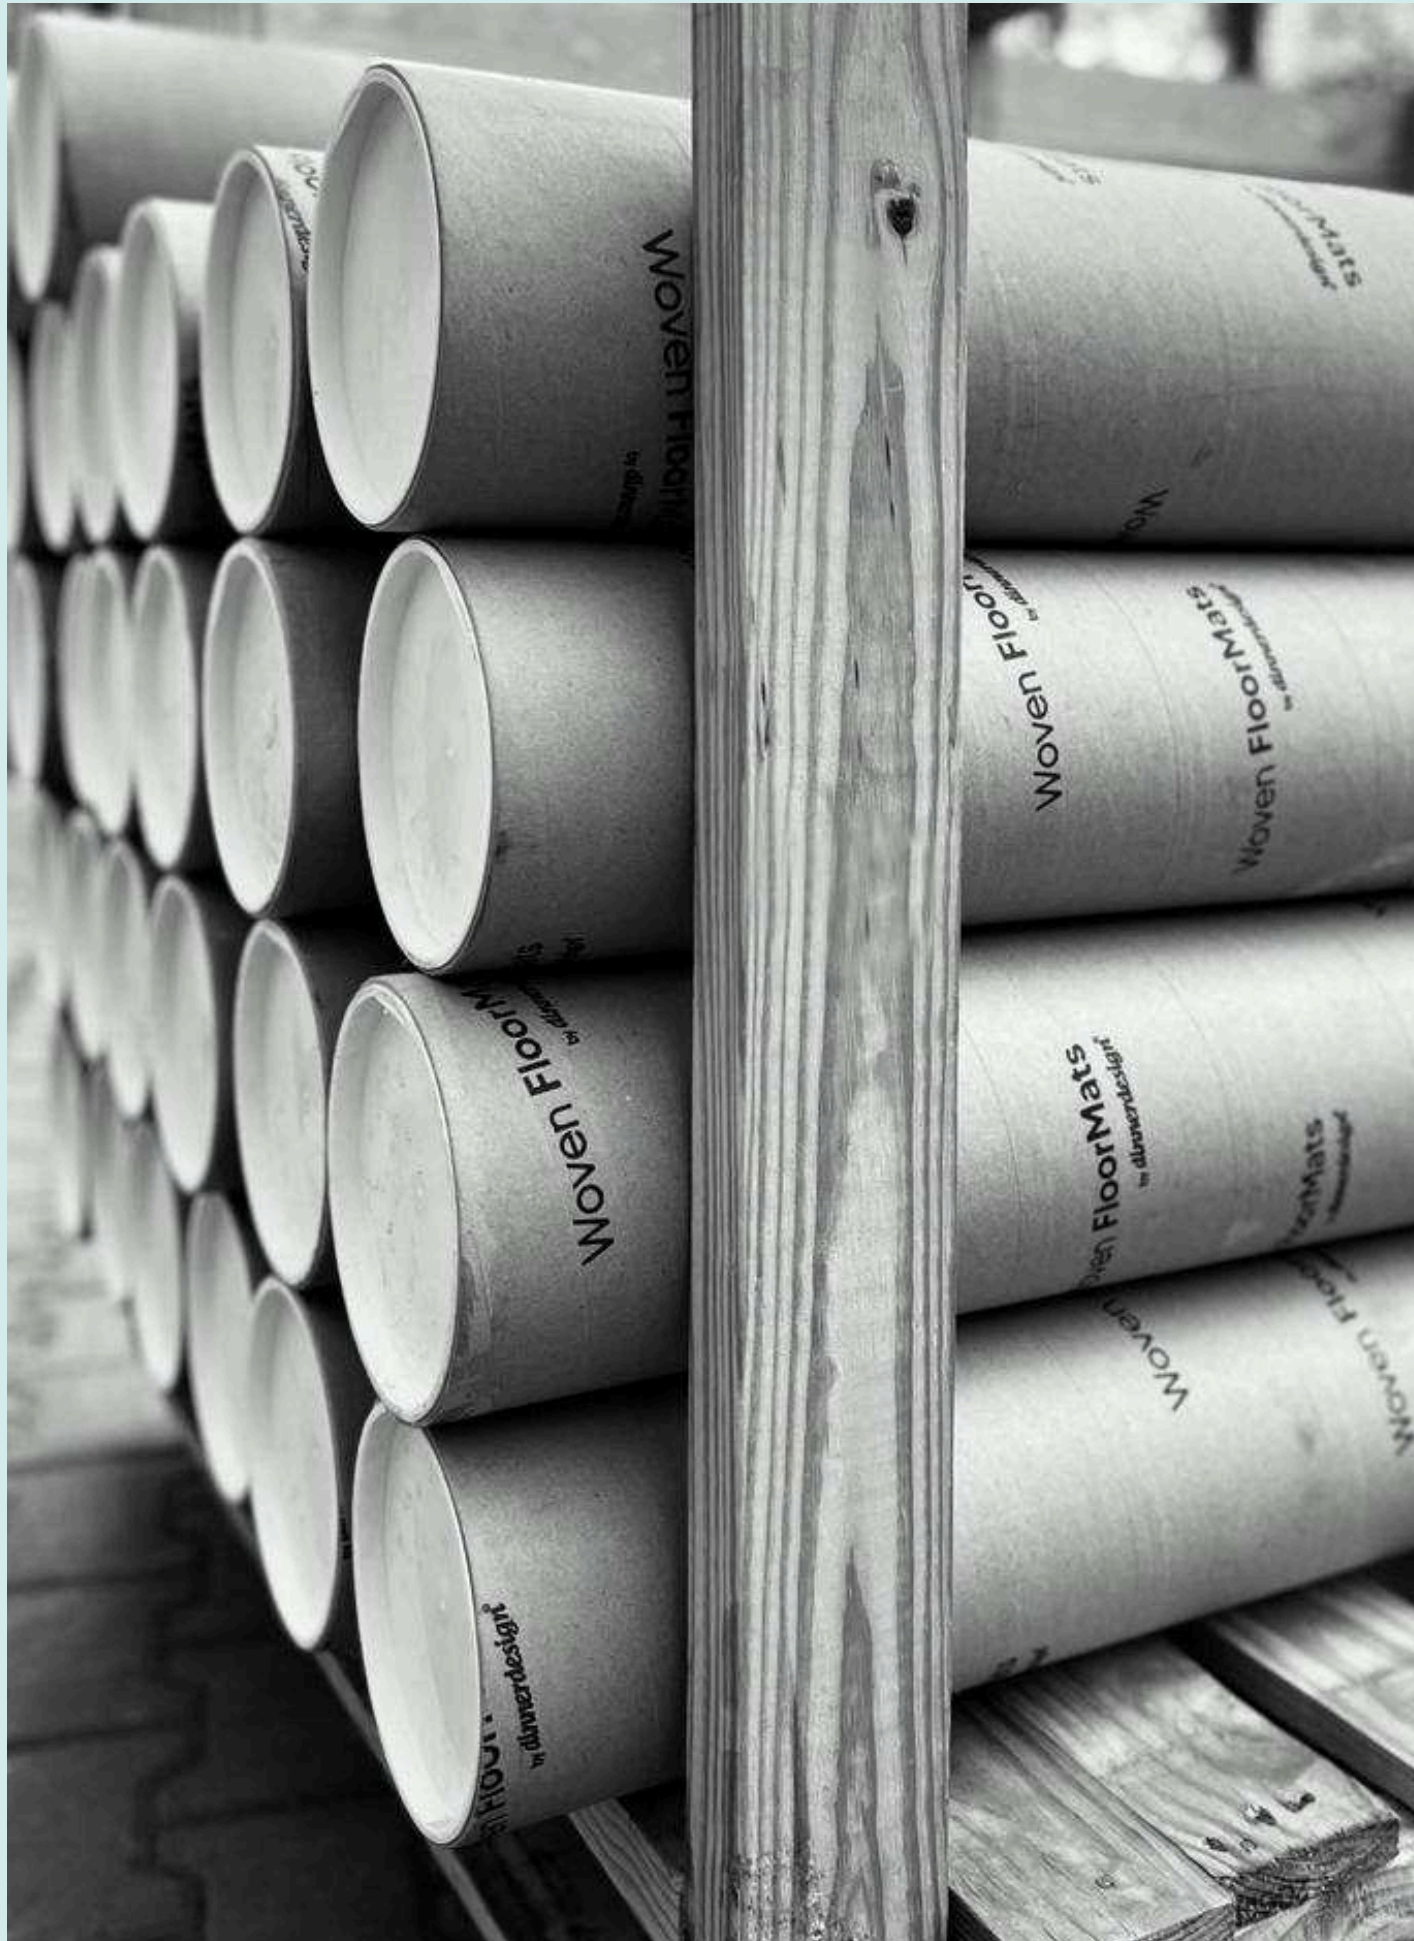

Material

The journey begins with the selection of high-quality woven vinyl fabrics and specially formulated vinyl cushion backing the building blocks of our product. We prioritize sourcing the finest materials to ensure the foundation of our production process is strong and sustainable.

Tailoring

In our state-of-the-art facilities, skilled artisans and cutting-edge machinery work in harmony to transform woven fabrics into the final product. Precision and attention to detail guide each step, resulting in a product of exceptional quality.

Delivery

Once our floormats are crafted to perfection, they are prepared for their journey to you. With meticulous care, we ensure secure packaging and timely delivery to your doorstep, ensuring that our products reach you in top condition and ready for your use.

TRUSTED CHOICE

- dinnerdesign® Woven FloorMats are produced with self-bound edge, made by folding the face fabric over the edge of the mat and sewing to provide a clean, finished edge.
- All our floor mats have a non-slip special backing system.
- Durable and very easy to clean.
- Feature integrated Microban® antimicrobial protection that lasts for the lifetime of the product.
- Microban® protection is built-in during the manufacturing process and will not wash off or wear away.
