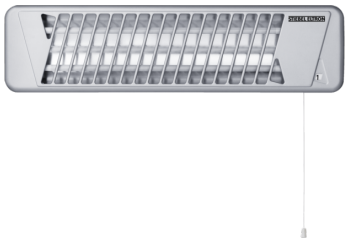
IW 120

SMALL HEATERS

PRODUCT-NO.: 229339



Make truly flexible use of your heater

Integrate heat flexibly into your everyday life with this quartz radiant heater. The appliance brings your room up to temperature quickly and precisely. You can feel its radiant heat almost as soon as you switch it on.

Don't restrict your heating to just one place

The heater is practical in your bathroom, for example, to give you a nice warm start to the day. And what about when you want to relax on the patio in the evening as the day draws to an end? Here, too, the quartz radiant heater is your ideal companion.

The main features

- Infrared quartz radiant heater with 1.2 kW heating output
- Pleasant radiant heat for indoors or protected outdoor areas
- Choice of three heating stages (0.4/0.8/1.2 kW)
- Easy to adjust and operate
- High quality metal casing

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
