<input type="checkbox"/> Strainer
<input type="checkbox"/> Dish Drying Roll-Up Rack

BEFORE YOU START

- We recommend that all topmount sinks be installed by an experienced professional.
- IMPORTANT: The cabinet must be installed, secured, plumbed, and leveled before this step can be completed. Failure to do so may result in product damage.
- Cabinet must be secured to the wall and fastened to a solid surface countertop. Make sure the cabinet is level and secure by checking the part list.
- We are not responsible for sink or countertop damage if it is caused by incorrect installation or damage to the sink.
- Metal edges may be sharp - Extreme care must be taken when handling the sink.
- Follow all local plumbing and building codes.

RECOMMENDED TOOLS

- Tape Measure
- Safety Glasses
- Work Gloves
- Level
- Hammer
- Drill
- Phillips Screwdriver
- Countersink
- Shims or Cabinet Fillers
- Denatured Alcohol
- Construction Adhesive
- Silicone Sealant

PREPARE THE COUNTERTOP

- Position the cut-out template front to rear so the sink will not interfere with the cabinet; secure with tape.
- Note:** Make sure clearance is suitable for backsplash, faucet, and plumbing for the sink.
- Trace the template on countertop with a pencil. Dry fit the sink to verify the measurements.
- Following the countertop instructions, carefully cut the countertop on the inside of the traced line.

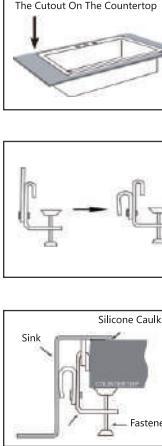

2. Apply a narrow bead of silicone sealant evenly all around the top edge of the countertop.

- Position and align the sink over the sink hole in the cutout in the countertop. Press silicone onto countertop.
- Preassemble the mounting bracket and fastener. Bend left side of the mounting bracket over to the most (as shown in picture).

3. From the underside — place the mounting bracket in each hole, the fastener head is facing/supporting counterpoint underneath and the bending end of mounting bracket is against the sink.

- Tighten fasteners until mounting brackets are snug against sink. Check alignment of sink to the countertop opening.
- Tighten down fasteners evenly. Be careful not to over-tighten.

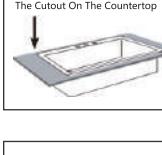

4. Press silicone sealant after cleaning the sink edge and countertop.

- Immediately remove excess sealant.
- Immediately clean and dry the sink after installation.

INSTALL THE COUNTERTOP

- Clean the top of the countertop and the bottom flange (or lip) of the sink with denatured alcohol.

5. Carefully Lower The Sink Into The Cutout On The Countertop

SUGGESTED MAINTENANCE

- Rinse thoroughly after each use. Clean your sink on regular basis with warm soapy water.
- Wipe the sink surface with a soft cloth after each use to prevent mineral deposits from forming. Do not use abrasive cleaners or steel wool. Steel wool and weekly cleaning will prevent discoloration or unsightly film from forming.
- Always use our sink bottom grid to protect your sink's finish.
- We are not responsible for sink or countertop damage if it is caused by incorrect installation or damage to the sink.
- For a gleaming finish, Polish your stainless steel sink by applying dry flour to the surface. Some Club soda and a rub with a soft cloth. Dry with a different soft cloth to prevent water spots.
- Do not cut food directly on the surface of the sink. Do not leave sharp objects on the surface of the sink. Do not use sharp tools such as knives, scissors, or metal tools to clean the sink.
- Never use abrasive steel sponges even if steel wool pads are used on it. Steel wool or metal scouring pads can be used to clean your sink as they will leave a residue of small iron particles. They may not be readily visible, but they will lead to rusting and corrosion of the sink. If it happens, you can scratch the metal spot by a metal scrubber.
- CARE & MAINTENANCE**
- Scour 1 rub the sink across the satin finish lines. Scouring across the satin finish lines can damage the original sink finish.
- Scrubbing with abrasive pads, abrasive steel sponges, or abrasive steel wool will damage the surface of the sink. Most brands contain chemical additives which will affect the original finish.
- This warranty does not cover damage caused by abrasive steel sponges, abrasive steel wool, or metal scouring pads.
- This warranty does not cover damage caused by abrasive steel sponges, abrasive steel wool, or metal scouring pads.
- Some states do not allow the exclusion or limitation of incidental or consequential damages or disclaimers of implied warranties, so the above disclaimer may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This warranty extends to the original purchaser and consumer.
- Don't leave wet sponges, clothes, or cleaning pads on the sink. This can lead to surface rust.
- Don't use a steel wool pad to clean your sink. If a more abrasive product is needed, use a soft cloth with a gentle abrasive cleaner. Do not use abrasive steel sponges, abrasive steel wool, or metal scouring pads.
- Don't use abrasive pads, abrasive steel sponges, or abrasive steel wool on the sink. These items will scratch the surface of the sink. The steel particles will rust and will give the appearance that the sink itself is rusting.

LIMITED WARRANTY

This product is manufactured and tested to the highest quality standards. We offer our customers thoroughly crafted fixtures & accessories, engineered for enduring performance.

WHO IS COVERED BY THE WARRANTY

This warranty extends to the original purchaser only. This warranty is not transferable, between users.

WHAT IS NOT COVERED BY THE WARRANTY

We warrant this product against defects due to material or craftsmanship error during the manufacture or assembly of the product or any part thereof, or at normal use, operation, or maintenance. Any defect due to normal wear and tear, abuse, misuse, or damage caused by accident, tools, steel wool, or bleaching products.

Never use abrasive steel sponges even if steel wool pads are used on it. Steel wool or metal scouring pads can be used to clean your sink as they will leave a residue of small iron particles. They may not be readily visible, but they will lead to rusting and corrosion of the sink. If it happens, you can scratch the metal spot by a metal scrubber.

RESTRICTIONS

Like other home fixtures, our products will require light maintenance to ensure proper function. Use common sense and complete knowledge to perform this maintenance and proper use. Please refer to the manufacturer's instructions for proper use and maintenance documentation to determine the limits of proper use. Read your care and maintenance documentation to determine the limits of proper use.

The original sales receipt, order number, and/or proof of purchase must be presented at the time of warranty claim. Proof of purchase is required to establish the date of purchase to all warranty claims.

Some states do not allow the exclusion or limitation of incidental or consequential damages or disclaimers of implied warranties, so the above disclaimer may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This warranty extends to the original purchaser and consumer.

COMMERCIAL WARRANTY

We extend the above warranty for a period of one (1) year to purchasers of products for commercial use.

By the purchase and use of our products, you agree that we are not liable for incidental, special, or consequential damages resulting from the use of our products.

This warranty does not cover instances of negligence, misuse, abuse, improper installation, misapplication, damage caused by improper maintenance, alteration of the product, or damage caused by acts of God, such as fire, flood, or lightning. Damage caused by freezing is not covered under this warranty.

Some states do not allow the exclusion or limitation of incidental or consequential damages or disclaimers of implied warranties, so the above disclaimer may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This warranty extends to the original purchaser and consumer.

OTHER WARRANTY

By the purchase and use of our products, you agree that we are not liable for incidental, special, or consequential damages resulting from the use of our products.

This warranty does not cover instances of negligence, misuse, abuse, improper installation, misapplication, damage caused by improper maintenance, alteration of the product, or damage caused by acts of God, such as fire, flood, or lightning. Damage caused by freezing is not covered under this warranty.

Some states do not allow the exclusion or limitation of incidental or consequential damages or disclaimers of implied warranties, so the above disclaimer may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This warranty extends to the original purchaser and consumer.

DISCLAIMER
