

Electrical Insulation Tape

19 mm x 9.15 m

Thickness
(mm)

0.13±0.010mm

Adhesion
(kg/cm)

0.34kg/1.9cm

Tensile Strength
(kg/cm)

4.7kg/2.5cm

Elongation
(%)

150

Dielectric at Break
(Volts)

4500

Surface Finished

Matte

Weather Resistant

Yes

Flame Retardant

GB2

- Soft PVC coated tape; one sided coated of rubber-based, pressure sensitive adhesives
- Suitable for uses under 600V or 80 ° C
- Non-corrosive, pressure-sensitive adhesive eliminates the need of heat, moisture, or other catalyts to affect application, glossy surface
- High elongation, easy tear and excellent conformability
