### **Product specification**

Commodity	Multi-function electric swing
Product model	PD-B035
Input voltage	110-240V/50-60Hz 0.6A
Output voltage	5-6V ≤1000mA
Applicable age	0 to 24 months
Execution standard	EN16232
The date of production	Marked on package or product body
Warning	Do not use non-product adapters

# \land \ttention

- 1) Non-rechargeable batteries cannot be charged.
- 2) Rechargeable batteries can only be charged under adult supervision.
- 3) Rechargeable battery should be taken out of the product before charging.
- 4) Different types of batteries or old and new batteries cannot be mixed.
- 5) The battery shall be placed in the correct polarity.
- 6) Depleted batteries should be removed from the product
- 7) The power terminal can not short circuit.

8). Do not use adapters not provided by the Product to power the product. The input voltage of the adapter is 110-240V/50-60Hz0.6A.Output store pressure is 5-6V ≤1000mA.

- 9) When using adapters, keep them away from children.
- 10) The adapter used by the swing shall be regularly checked for safety socket, accessories and other parts, and shall be stopped in case of any damage.

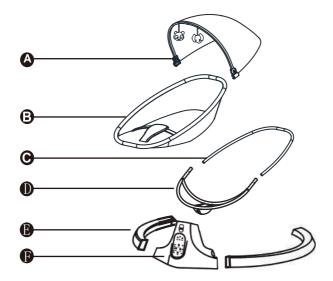

### **Component description**

Please check the quantity of the contents before use. If there is any missing parts, please contact the purchasing store

Serial number	The name	The number	Serial number	The name	The number		
A	Awnings	1	В	The seat cloth	1		
С	The part behind the bed frame	1	D	The front part of the bed frame	1		
E	The foot tube	2	F	The mainframe	1		
Accessories package(optional)							

#### **Product structure**

\* The picture of this manual may be different from the product, please refer to the actual contents.
