Creative Work- shop where originality meets sophisti- cation

About Feyz

Feyz Tasarım leaves unforgettable traces in the jewelry world as a pioneer of special design jewelry and the creator of original ideas which founded in 1991. With a vision that combines traditional values with modern aesthetics, we consider every piece of jewelry as a work of art. Our passion for jewelry and dedication to handcrafted craftsmanship ensures the telling of a unique story in each of our designs.

Feyz Tasarım is a world full of specially designed jewelry that offers a perfect synthesis of creativity and craftsmanship. Each piece, which comes to life in our own workshop by processing carefully selected materials to the highest standards, is a work of art that reflects originality and quality. Earrings, bracelets, rings and more – each design is designed to complement your style and reflect your character.

Blue Aquamarine Zirconia Stone Earrings Gold & Silver

These earrings are designed using aquamarine colored blue zirconium stone and 18K gold plating on silver by Feyz.

Aquamarine helps us to gain insight, truth, and wisdom. It can be used to help calm the mind, nerves, and anxieties. Physically, it's said to help relieve the symptoms of fluid retention.

Because it's associated with water and water is cleansing, aquamarine can also help aid in the flushing of toxins from the body.
